A large, weathered tree trunk with a thick, textured bark stands prominently in a field of tall, green grass. The trunk is dark brown with prominent horizontal lenticels and some vertical fissures. In the background, more trees and foliage are visible through a slight haze.

Encore, Encore, Encore!!!

The Lafargue Stage Production of "Night of January 16th" directed by Mr. Rogers and Mrs. Passmore was presented to the community last April.

The play was a humorous mystery of who killed Bjorn Faulkner. The cast seemed pleased with their performance as the community thoroughly enjoyed it.

Faculty

PRINCIPAL MR. Clayton Bullard

I appreciate the opportunity to make a statement to the student body and patrons of Lafargue High School. There is a strong "school spirit" on the part of the student body and the staff for the students to achieve and succeed in their own right, as well as in the name of Lafargue High School. When an individual student or a group of students achieves its goals, all students respond with pride. This is evidenced of our students' recognition of the value of success and achievement in all walks of life. These fine characteristics have not just begun; they have been developing throughout the years. Whatever has been accomplished has been through team effort.

We're the juniors; always said to be loud
Even though we never win, we sure are proud.
We spend our time thinking about prom night
We raised money and cane to make it just right.
The Halloween Carnival went over just fine
Everyone partied and had a great time.
Mrs. Passmore and Mrs. McNeal sponsored us this year
Always there to help us, always so sincere.
Then there's our athletes, so ready and rough
They always yell at the rallies, but never enough.
In a year we'll be gone, but our spirit is still
And hope that your wishes are also God's will.
May all of you succeed in whatever you do
From the GREAT JUNIORS . . . CLASS OF 82!!!

The junior class of 1980-81 would like to say "Thanks" to Mrs. Passmore and Mrs. McNeal for being super great sponsors. It wouldn't have been possible without your support throughout the year.

To the seniors of 1981:
Remembering

Memories are treasured things
That keep the heart aglow, linking years with
yesteryears, and loves we used to know.

Memories are links of gold
connecting old and new, the dearest recollection
of things we used to do.

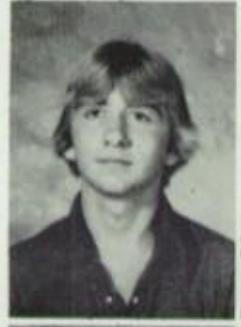

Memories are treasured bits
With dream-thoughts most sublime, reweaving life's
true journey to join the hand of time.

Closing

In the previous pages, we have attempted to record many phenomena about L.H.S. that are traditional — the buildings, the grounds, the faculty, the student body, classes, ect....

But hold everything! You haven't seen anything yet — Let us show you some of the real highlights of the year that are, perhaps, more traditional (at least in the minds of some students) than all others. Look at what fun we had:

- Selecting Who's Who
- choosing personalities
- Living it up on prom night
- Recognizing Awards Day
- Election of class officers
- Play Day
- And, finally, graduating our Seniors

Now, isn't that traditional?!

The Finale!!
